WHO SHOULD USE THIS RESOURCE?

De-escalation and bystander intervention resources are intended to support efforts at the local level to prevent and mitigate potential violence, harassment, and abuse.

Local officials such as city council members, school board members, election officials, and poll workers may want to consider utilizing de-escalation and bystander intervention tools to prepare for potentially contentious public meetings and election administration.

Volunteers and community members, who are planning to attend potentially contentious meetings may use these resources to prepare and strategize and techniques to recognize and de-escalate conflict.

See BDI’s de-escalation guides for local officials and poll workers.

If your organization offers trainings like these, please reach out to bdi@princeton.edu to be added to the directory.
Anyone (active bystander) can de-escalate tensions or harmful behavior by drawing on the CLARA method. However, before engaging in de-escalation, it is important to assess the situation, including your safety and others. Conflict de-escalation is not a technique that is appropriate for all circumstances.

**Calm and Center Yourself:** Check in with yourself, appear calm, centered, and self-assured even if you don’t feel it. Avoid pointing, crossing your arms, or other more aggressive postures.

**Listen:** Let the person vent and be sure to listen explicitly for feelings, needs, or values.

**Acknowledge:** Begin by acknowledging the feelings, needs, or values you have heard. [Not about agreeing with their position, statement, or behavior.] ex. “I sense your aggravation at this situation. I hear your concern for safety.”

**Respond:** After acknowledgment, if there is a further threat of harassment or violence, offer open-ended or choice questions; address the issue; make a clear request or proposal. ex. “Will you tell me more about your concerns? “I understand you have every right to feel angry but it is not ok to threaten people here.”

**Assess:** Trust your instincts: If de-escalation is not working, STOP & GET HELP.
