New Hampshire Peace Keeping Project
The project is a part of NH Peace Action which educates, mobilizes, and organizes to build a more peaceful and just future for all. They run a variety of trainings, including peacekeeping, bird-dogging, and nonviolent direct action. The peacekeeping training utilizes experimental role playing and the de-escalation CLARA method. Each training is tailored to the specific group and event.

Climate Disobedience Center (CDC)
The Climate Disobedience Center is a collective of climate justice organizers that runs Nonviolent Direct Action (NVDA), de-escalation, and know-your-rights trainings for community groups. The collective works to support people on the frontlines of social and environmental justice struggles, often by training activists in community safety skills. The CDC can offer trainings in de-escalation, nonviolent direct action, legal observing, know-your-rights, abolitionist police liaisoning, jail support, and other safety skills. CDC’s de-escalation trainers emphasize the importance of consent and solidarity with those most targeted by injustice. Training participants discuss tools for tracking the energy in a group and intervening in a conflict as well as practice personal emotional regulation before rehearsing role-plays of real life scenarios. Recently, the CDC has been working to provide these trainings to groups protecting queer pride and drag events, engaging land defense, preventing election violence, and confronting white supremacist counter-protestors.

Vision Change Win
Vision Change Win is a Black-led, queer and trans group of social justice professionals who provide consulting and program offerings for groups committed to movements for liberation. They offer a Community Safety Training series, which is a three-part workshop focused on introducing verbal de-escalation, direct action, event safety protocols, and the basics of organizational safety. These fundamentals of community safety are taught from an abolitionist and anti-oppression framework focusing on how we keep ourselves and our communities safe without relying upon the state. Individuals or groups committed to these values are welcomed to register for trainings, offered every 2nd, 3rd, and 4th Wednesday of the month on Zoom; scholarships are available.

WHO SHOULD USE THIS RESOURCE?

De-escalation and bystander intervention resources are intended to support efforts at the local level to prevent and mitigate potential violence, harassment, and abuse.

Local officials such as city council members, school board members, election officials, and poll workers may want to consider utilizing de-escalation and bystander intervention tools to prepare for potentially contentious public meetings and election administration.

Volunteers and community members, who are planning to attend potentially contentious meetings may use these resources to prepare and strategize and techniques to recognize and de-escalate conflict.

See BDI’s de-escalation guides for local officials and poll workers.

See DC Peace Team’s de-escalation and bystander intervention guide. DC Peace Team is a nonprofit that empowers ordinary civilians to become nonviolent agents of sustainable peace and justice.

If your organization offers trainings like these, please reach out to bdi@princeton.edu to be added to the directory.
Anyone (active bystander) can de-escalate tensions or harmful behavior by drawing on the CLARA method. However, before engaging in de-escalation, it is important to assess the situation, including your safety and others. Conflict de-escalation is not a technique that is appropriate for all circumstances.

**CLARA**

**Calm and Center Yourself:** Check in with yourself, appear calm, centered, and self-assured even if you don’t feel it. Avoid pointing, crossing your arms, or other more aggressive postures.

**Listen:** Let the person vent and be sure to listen explicitly for feelings, needs, or values.

**Acknowledge:** Begin by acknowledging the feelings, needs, or values you have heard. [Not about agreeing with their position, statement, or behavior.] ex. “I sense your aggravation at this situation. I hear your concern for safety.”

**Respond:** After acknowledgment, if there is a further threat of harassment or violence, offer open-ended or choice questions; address the issue; make a clear request or proposal. ex. “Will you tell me more about your concerns? “I understand you have every right to feel angry but it is not ok to threaten people here.”

**Assess:** Trust your instincts: If de-escalation is not working, STOP & GET HELP.
